

## Engage parents with our online Parent Survey

This modern survey helps your school engage with all parents, demonstrating their views of school life, are valued, respected and considered.

Showing school is keen to learn about itself, develops trust between parents, the Governing Body and SLT, and paves the way to build bridges in knowledge gaps.

Ready built, with scope for customisation, clear, user friendly survey screens enable parents to anonymously complete, 24/7, using a PC, iPad or smart-phone.

Ready analysed results provide a rich source of current and actionable MI, and a clear understanding of parents' perspective of school life, and insightful ideas.

'Effective Governing Bodies will ensure policies are in place to engage, support and report to parents..... see parents as part of the life of the school and actively seek their views'

NGA Strategic Guidelines

Immediately available 'off the shelf' and with no school admin. Affordable; pricing from just  $\pm 250 + vat$
